**Subject: Volunteer Help Needed**

Hello. My name is Andrea Brooks and I volunteer twice monthly at Christ Lutheran Church, 701 N. Indiana Avenue in Englewood at a sewing group that makes quilts which are sent around the world. The quilts are made for Lutheran World Relief and our group is in need of help.

I am looking for volunteers to spend a day with us helping to get our fabric organized. We have been blessed with LOADS of donated fabric that we need rotary cut into squares. We are planning a one day CUT-A-THON on Wednesday February 20th. We are hoping to recruit 15-20 extra helpers who would be willing to come for the day and help us get this fabric pressed, cut and ready to sew.

If any of your guild members can join us, we would be so grateful! We will be at the church from 9am to 4pm. We ask that you bring a sack lunch. Drinks and a morning snack will be provided. We have some rotary cutting tools, but it would be helpful if you could bring yours. We have irons and boards, tables, etc.

The number of regular quilters in our group is not enough for us to keep up, so I am hoping to inspire a few of your guild members to come to Englewood and volunteer to help us cut our fabric. We are a fun group who's mission is to make the world a better place one quilt at a time.

I would appreciate it if you would be willing to forward my email to your members. If anyone is interested I can be reached on my cellphone 419-345-1175 or by email at [andreabrooks@yahoo.com](mailto:andreabrooks@yahoo.com). If you can make it, please call or email me with your contact information and I can fill you in on more details.

Thank you so much!

Andrea
